VISUAL C++ 2010 EXPRESS
Free tools to create applications on Windows using Visual C++.

> INSTALL NOW - ENGLISH

See below to download Visual C++ 2010 Express in a different language.

UNLEASH YOUR CREATIVITY
Visual C++ 2010 Express is part of the Visual Studio 2010 Express family, a free set of tools that Windows developers at any level can use to create custom applications using basic and expert settings. Visual C++ is a powerful language that is designed to give you deep and detailed control when you build either native Windows (COM+) applications or .NET Framework managed Windows applications.
